Keep in Mind:

- Above prices **include** abrasive blasting, masking of all threads, preparation, and powder coating using a stock color.
- Cast aluminum and magnesium parts may experience an out-gassing and/or bubbling in the finished powder coat. We will take every precaution to avoid out-gassing, however, we can't be held responsible for bubbling caused by porous castings.
- For a second coat or for a clear coat over base color, add 50%. Clear coat is required over all metallic and silver coating colors.
